IN A COMMON CAUSE (IACC) and GARDEN OF MEMORIES (GOM)

In A Common Cause and **Garden of Memories** are two video documentaries that depict the British Commonwealth Air Training Plan (1939-45), which trained more than 131,000 Dominion aircrew throughout Canada. This chapter in Canadian history is now remembered for its legacy to air transportation in Canada and to the achievement of the people from many countries who joined together 'in a common cause'.
